## FOREWORD

This Directory Number of THE OHIO ALUMNUS contains a General Catalogue of all of the graduates of Ohio University. The names have been recorded in class rosters as well as in a general alphabetical listing.

In the Class Section, under each year, the names of the recipients of four-year degrees are given first, followed by the names of persons who received two-year or three-year diplomas.

In the Alphabetical Section the degrees following the names of graduates are those conferred by Ohio University only.

Married women will be found listed in the Alphabetical Section under both their maiden and married names except in cases where the graduate was married at the time of graduation, when the listing is under the married name only. Addresses follow the married names.

The order observed in recording information in the Alphabetical Section is as follows: Name, degree or diploma, occupation, and residence.

In the case of (1) a high school instructor teaching in a school bearing a name other than that of the community in which he resides, or (2) teaching in a school located in a community other than that in which he resides, the information is recorded as follows. If William H. Smith is teaching in John Adams High School, Cleveland and residing at 4267 Roosevelt Blvd., Cleveland, the form will be "**Smith, William H., A. B. '29, Instr., John Adams High School, 4267 Roosevelt Blvd., Cleveland, O.**" Or, if William H. Smith is teaching in Athens and living in Glouster, the form will be "**Smith, William H., A. B. '29, Instr., H. S. (Athens), 237 Woodbine Ave., Glouster, O.**"

The notation (Obs.) after a name indicates that the last address recorded in the Alumni Office is now obsolete, and that there is some uncertainty as to the correctness of the permanent address given at the time of graduation.

Where so much detail work is involved it is likely that some errors, typographical as well as of fact, will be found to have crept in, but it is hoped that the number of such errors will not be great. Accuracy and completeness in a directory of this kind, however, depend upon the cooperation of thousands of persons, and where that cooperation has been lacking, the chief responsibility for inaccuracies must be placed upon the persons withholding the cooperation. Each person who refers to this Directory can perform a distinct service to Ohio University by supplying the Alumni Office with information concerning any mistakes or omissions noted in the pages which follow.

—THE EDITOR.

"Entered as second class matter, October 3, 1927, at the Post Office at Athens, Ohio, under the act of March 3, 1897."

## Graduates of Ohio University

### Index by Classes

This section is arranged by classes from the first graduating class of 1815 up to and including the August section of the Class of 1936. The four-year graduates in each class are listed first and are followed by the two and three-year diploma people. An asterisk (\*) before a name indicates that the person is deceased.

## Graduates of Ohio University

In past years, two-year and three-year diplomas have been granted for work in a number of courses that are no longer offered in the condensed, or two or three-year, form. The studies for which these diplomas were given are still a part of the university curriculum but they have been expanded and combined with additional work for the four-year baccalaureate degrees.

Among such courses are: Stenography, Accounting, Commerce, Business, Piano, Voice, School Drawing, Oratory, School Music, Civil Engineering, Electrical Engineering, Home Economics, Special Education, Industrial Education, Agriculture and Pedagogy.

In the Directory these courses, in the order of their listing, are designated as follows: Sten., Acct., Com., Bus., Piano, Voice, Sch. Draw., Oratory, Sch. Mus., Civ. Eng., Elec. Eng., H. Ec., Spec. Ed., Ind. Ed., Agri., and Ped. Only two-year courses in Elementary Education, Kindergarten-Primary Education, and County Education (rural), are now offered at Ohio University. Diplomas for these courses are indicated in the Directory by these abbreviations: El. Ed., K-P., and Co. Ed.

Of the baccalaureate degrees appearing in the Directory only the Bachelor of Philosophy (Ph. B.), the Bachelor of Pedagogy (B. Ped.), and the Bachelor of Oratory (B. O.) are not now given. Effective as of June, 1937, and thereafter, Ohio University (consisting of University College, College of Arts and Sciences, College of Education, College of Commerce, College of Applied Science, College of Fine Arts, and the Graduate College) will grant the following baccalaureate and masters' degrees: Bachelor of Arts, Bachelor of Fine Arts, Bachelor of Science, Bachelor of Science in Civil Engineering, Bachelor of Science in Commerce, Bachelor of Science in Education, Bachelor of Science in Electrical Engineering, Bachelor of Science in Home Economics, Bachelor of Science in Journalism, Bachelor of Science in Secretarial Studies, Master of Arts, Master of Science, Master of Education, Master of Fine Arts, Master of Arts in Supervision and Guidance of Student Life.

The College of Applied Science is comprised of the Departments of Civil Engineering, Electrical Engineering, Industrial Arts, Agriculture, and the School of Home Economics. In the College of Fine Arts there are the School of Music, the School of Painting and Allied Arts, and the School of Dramatic Art. In the College of Commerce are to be found the School of Journalism and the Department of Secretarial Studies.
